The screenshot shows a web browser window with the URL `localhost/hotel/index.php?module=tamu/tamu-delete&tamu=7`. The page title is "NF HOTEL". On the left, there is a sidebar with a user profile for "Naura" (Tuesday, 19 Jan 2021) and a navigation menu under "ADMINISTRASI HOTEL" which includes "Kamar", "Layanan", "Buku Tamu", and "User Manager". The main content area displays a green success message box with the text "Berhasil" and "Anda telah sukses melakukan penghapusan data Tamu. [Kembali](#)". At the bottom right of the page, there is a watermark "Copyright © NauraFika". The Windows taskbar at the bottom shows several pinned icons.

This screenshot is identical to the one above, except it shows a yellow warning dialog box instead of a success message. The dialog box contains the text "Peringatan" and "Apakah anda yakin untuk menghapus data tamu **Fifi Safitri**? (data yang sudah dihapus tidak dapat dikembalikan lagi)". It features two buttons: a green "Ya! Hapus" button and a blue "Batal" button. The rest of the interface, including the sidebar, main content area, and taskbar, remains the same.
